FOR IMMEDIATE RELEASE:

Community Advocate Eugene Myrick Announces Mayoral Run for Raleigh

[Raleigh, NC] - Community advocate and 1994 Shaw University alumnus, Eugene Myrick announces his 2024 candidacy for Mayor of Raleigh. With a track record of advocating for the needs of Raleigh residents and promoting equitable development, Myrick's mayoral run aims to prioritize people over profit and ensure that all citizens of the capital city have access to safe and affordable housing.

Myrick, a former Wake County Public Schools employee and founder of the [Save Our Shaw](#) coalition, has been a champion for the preservation of historically significant neighborhoods and the prevention of gentrification that displaces Raleigh natives. Eugene states, "It's time for a fresh perspective within our local government; this requires a balanced approach to Raleigh's growth. Our seniors, low wage earners and legacy residents have become secondary in the eyes of the current administration. I plan to put the people back in power by utilizing the principles of **L**eadership, **E**mpathy, **A**ccountability & **D**iversity (LEAD). I'm truly excited; I believe I'm in tune with the majority of Raleigh's residents and this connection will set me apart from everyone else."
